FINE BONE CHINA

Bone China is unquestionably the strongest and whitest ceramic body produced. Natural additives result in a durability that allows us to present a thinner and lighter product with a whiteness that will enhance the contrast of the colours in any food.

The exceptional heat retention of Bone China is an innate characteristic; you can be confident that food will still be steaming hot even when served to the furthest table!

Tableware offers two options: an elegant plain white wide rim - *William*; and a contemporary embossed wide rim - *Solar* and a variety of accessories and a broad range of shapes for maximum flexibility and style.

Mix and match between the two patterns, or choose one look to set your table.

Tableware's Fine Bone China has a 3-year edge chipping warranty on all flat round pieces.
